

Get the scoop!

You're Invited! Soil Erosion & Sediment Control training workshop

Please join us for this half-day training opportunity on erosion, sediment control and storm water management best practices. Experts from Nicor Gas, ComEd, Illinois Tollway, Illinois Department of Transportation, and AT&T will provide valuable information on the following topics:

- Dewatering
- Inlet protection
- Proper use of silt fence and straw/wood fiber logs
- Stabilization
- Matting and stabilized construction entrances

Contractor, installer, and product vendors will have informational booths on site. Representatives from the Soil and Water Conservation District (SWCD), Illinois Environmental Protection Agency (IEPA) and U.S. Army Corps of Engineers will also be in attendance to answer questions.

Who should attend?

Contractors and employees who are in the field during construction (2.5 PDHs will be provided to all attendees).

When?

You are invited to attend either a morning or afternoon session:

May 23, 2017: Either 8:00 – 11:30 a.m. or 12:30 – 4:00 p.m.

Lunch for all from 11:30 a.m to 12:30 p.m., provided by NPL. Check in begins 30 minutes prior to each start time.

Where?

Weitendorf Agricultural Education Center, Joliet Junior College 17840 Laraway Road, Joliet, IL 60433
